زميندار *zamīn-dār*, a landlord, a land-holder. As the term *zamīn-dār* differs widely in its signification from our ideas of a landlord, it may be proper to add, on the authority of Gladwin, that under the *Moghal* government the term was applied to a person who held a tract of land immediately of government, on condition of paying

the rent of it. He was first in rank among the land-holders; if a zamīndār was unable to pay up the amount of his engagements with government at the end of the year, such a part of his zamīndārī was sold as would discharge the balance. If he was dispossessed of the management of his zamīndārī, he was nevertheless exclusively responsible for all debts incurred by him during his possession, unless a mortgage was given on the zamīndārī, or the money borrowed applied to the payment of the revenue. Zamīndārs, by the nature of their tenures, had no longer a right to their lands than whilst they paid their revenues, and in case of failure, the sale of their land was a more just and useful recompense to government than subjecting them to corporeal punishment. Should they, however, at any time have been prevented fulfilling their engagements by unavoidable accidents rather than by their own mismanagement, equity would point out what indulgence they might be entitled to on that account. *p.*

This gentleman is evidently of the same family with the Wise Men of Gotham. Some twenty or thirty years ago there was a very popular biography of a similar character current in Scotland, attributed to the pen of the celebrated Adam Smith, entitled "The History of Wise Willie and Witty Eppy." Wise Willie is undoubtedly the full brother of *Lal-Bujhakkar*, for once upon a time, the folk of Fife brought him a horseshoe which they had picked up, and he sagely assured them that it was the new moon, only it puzzled him sorely to account for its having fallen in Fife, as he had seen it the night before far to the south west in a different part of the country. *h. s.*
